Bowlers are be required to use their highest average from ANY center where they bowl. Make sure when you run your qualifier, that you add handicap to the bowler's scores, then you can rank the bowlers for the Handicap Tournament also. **NOTE: If you run a proper qualifier for both tournaments, the same bowlers WILL NOT qualify in the same order.** If they qualify for both, they can enter one tournament or both, and MUST complete separate entry forms and pay for each. Tournaments must be bowled in different squads.

Bowlers are responsible for telling you that they have qualified through another league or program. If we receive 2 entries for the same bowler for the same tournament, one of the entries will be forfeited. Please make sure you explain this to any bowler that bowls in a travel league, high school league, or 2 bowling centers. See rule #2.

****EVERY ENTRY MUST HAVE BOWLER ID****

NOTICE:

As always (only in Florida) former 1st Place Champions in any division shall be exempt from having to qualify for that tournament until they are no longer youth

champion from having to qualify for that tournament since they are no longer youth bowlers (even if they won while representing a different bowling center). A former champion in your league will count toward your 1 in 4 ratio number, but will be an automatic qualifier. *All entry fees for the appropriate division must still be paid.* If you are not sure and want to check if your bowler is a former champion, please send me an email.

3 THINGS YOU NEED TO INFORM YOUR BOWLERS:

1. 7 Day notice is required for any reschedule.
2. We will not reschedule any bowler after they fail to show up for an assigned squad.
3. If you received one of your 3 choices, we will only consider a reschedule for health, school or family emergency.

Visit Lake County has graciously offered a VERY nice scholarship donation.
