

AVERAGE VERIFICATION FORM

If you have questions about how to fill out this form, please contact the tournament director at beachbowlyouth@aol.com.

YOUTH DIRECTOR AND/OR ASSOCIATION MANAGER

It is the responsibility of each youth director or association manager to provide verification of the averages for all entrants participating in the Florida Youth Handicap Finals. This will ensure your bowlers are assigned the correct averages and help to speed up the average verification process.

AVERAGE REQUIREMENTS

Please read carefully

The average to be used will be determined in the following order:

- A. Highest 2024-2025 USBC average based on a minimum of 12 games as of 1/01/2025. This is their highest average in any center including USBC certified string pin centers that they bowl in.
- B. Bowlers not having an average as specified above will use highest average of 12 games or more as of 2/15/2025, and must be received by tournament director by 3/01/2025.
- C. Bowlers that have both a USBC SPORT (converted) LEAGUE AVERAGE and a standard league average from the same season shall use the highest of the two averages.
- D. Bowlers who do not meet the above requirement will be entered at 210.

Please note that High School averages will not be accepted unless the participant was certified in a USBC High School league. Failure to report the highest average could result in disqualification.
